

## COMPANY OF 60, SHOOT REPORT AND RESULTS 27 OCTOBER 2013

---

We had been warned of storms heading our way, but luckily the day started with sunshine and blue sky, the fire pit was lit and chestnuts from our woods were put on to roast.

Our club artist Paul had produced some seasonal target faces for us and the practice butts were soon looking like a horror movie and so were renamed 'the Chamber of Horrors'!

Our guests were greeted by the smell of bacon and sausages cooking on the outdoor griddle set up by our chef for the day Tony and his assistant sous chef Lewis.

The archers has a mix of 3Ds and our popular 2Ds and hessian faces, also painted by Paul, the archers enjoyed the day judging by the large numbers who came up afterwards to thanks us for a challenging course.
