

COMPANY OF 60, SHOOT REPORT AND RESULTS MINCE PIE SHOOT, 15 DECEMBER 2013

Yet another day when the weather forecast was luckily wrong, the day started with some sunshine and the archers arrived to find Wally has already started our camp fire and Alex had put up the Christmas tree.

As the light would be going early we put out just one 3D near to the hut the remainder of our targets were a mix of our 2Ds and hessian faces painted by club artist Paul Fearn and a couple of paper faces. In amongst these were some seasonal targets including a penguin, polar bear, and Gollum who had stolen Santa's sleigh, so this double target had a selection of targets plus for those brave enough to try an extra points for getting an arrow inside Gollum's 'precious' which he was hold aloft!

The shoot ended with mince pies and mulled wine [for those not driving], we would like to wish all a Happy Christmas and may your arrows fly straight in 2014.
Our next shoot will be on 23rd March 2014.
